

THE SCHOOL OF THE WISDOM

At the Heart of the Most Profound Spiritual Teachings

with
Jacques Mahnich

5 TO 16
OCTOBER 2026

Exploring the Philosophy & Spiritual Advanced Practices of the main Traditions/Religions provides methodologies and tools to guide the student on the path of Self-Transformation.

On the other hand, practicing the core of these Traditions is key to a real transformation, a knowledge acquisition by identity. This SOW proposes a two-step approach:

To review the mystic aspects of Eastern and Western Inner Traditions –Hinduism, Buddhism, Taoism, Christianity, Islam and Theosophy, and to develop some practice sessions to experiment the approach of mysticism.

Jacques Mahnich joined the French T.S. in 1978, and has been actively studying Theosophy and the main Traditions of the world. He is a recognized international lecturer. He has directed a School of the Wisdom in Adyar, and Schools of Theosophy and lectures in many places worldwide.
